AN ORDINANCE

To Provide for the Graveling of the Sidewalks in Graveling Districts No. 1, No. 2 and No. 3.

Sec. 1.—Be it Ordained by the City Council of Provo city, that the three sidewalk graveling districts heretofore established by the City Council, known as, Graveling Districts No. 1, No. 2 and No. 3, come within the purview and meaning of this ordinance, the boundaries of said districts being as follows: The sidewalks on J street from First to Fifteenth street, Seventh street from A to O street, and E street from First to Twelfth street, comprise district No. 1. K, L, M and N streets, from Third to Fifteenth street, and all streets running east from J to N street comprise district No. 2. All streets running north and south between J and E streets, and all streets running east and west from First to Twelfth, both inclusive except Seventh street, comprise district No. 3.

Sec. 2. A tax, not to exceed Six Thousand Dollars, is hereby levied on the real estate lying and being within the limits of said sidewalk graveling districts, for the purpose of graveling with mountain gravel and otherwise repairing the sidewalks in the above named districts.

Sec. 3.—The assessment for graveling purposes shall be according to the front road, or fraction thereof abutting upon the sidewalk to be improved, and the amount of assessment shall be calculated on each rod of sidewalk according to the estimated need thereof. Provided, that the aggregate tax shall be within the limit herein named.

Sec. 4.—The City Recorder or his deputy shall list and assess the property according to the provisions of this ordinance, stating the name of the owner, or if unknown there so stating, and giving the number of lot and block, and name of plat and number of rods, or fraction thereof, of each lot and piece of ground fronting the sidewalks, and the amount of tax levied thereon.

Sec. 5.—After the list is made up and the assessment approved by the City Council, notice shall be given in some newspaper of the completion of said list, for not less than five consecutive days, and from the date of the first publication of said notice, and during the time specified therein the said list shall be open to public inspection, and any person or persons feeling themselves aggrieved shall have a hearing before the said Council. Notice shall be given of the time when the City Council shall sit to hear grievances and complaints of error in assessment.

Sec. 6.—The Supervisor of Streets is hereby constituted the collector of the tax assessed by this ordinance. Upon receipt by him of the corrected tax list he shall furnish to each property tax-payer owning real estate within the said sidewalk graveling district, or leave at his residence or usual place of business, or mailed to his address, if known, a notice of the tax assessed against him, and when and where payable, and when delinquent, and what portion thereof may be paid in gravel, and when the said tax is due he shall proceed to collect the assessment and to enforce the payment of such portion thereof as may become delinquent in the manner provided by the laws of the Territory, and the ordinances of Provo City for the collection of city general tax.

Sec. 7.—The City Supervisor of Streets shall be responsible on his bonds for the faithful performance of his duties as collector of any and all taxes assessed and collected under the provisions of this ordinance.

Sec. 8.—All taxes assessed under the provisions of this ordinance shall be due and payable on the third day of December, A. D. 1895, and any and all taxes remaining unpaid on the first day of April, A. D. 1896, shall be deemed delinquent.

Sec. 9.—The tax assessed under the provisions of this ordinance may be paid in whole or in part in mountain gravel, at the option of the taxpayers, at the rate of fifty cents per load, or not less than one cubic yard, delivered on the sidewalk where the same is to be used.

BIG SHEEP CASE

Occupied a Day in Trial, Jury Still Out.

FILTHY CASE ON TRIAL.

A Young Man of Provo Accused of Lascivious Conduct and Drugging Girls—The Girls Tell a Sad But Bizarre Story of Their Own Shame.

The time of the First District court was occupied yesterday principally with the case of Chipman Brothers vs. Mt. Pleasant Wool & Live Stock Commission company. Plaintiffs said through defendants 1,287 wethers and received therefore a net price of \$1.30 per head. They claim the defendants agreed and contracted that the net price would be \$2.00 per head. Defendants claim they agreed only to sell the sheep for the best price obtainable in the eastern markets and pay plaintiffs that price less expense of shipping, feed, etc., and 2 1/2 per cent. commission of net proceeds, which they did. Case was given to the jury this morning.

GATHERUM FORNICATION CASE.

The first case called this morning was that of the United States vs. Robert Gatherum. Defendant is accused of having committed the crime of fornication with Miss Hannah Douglass on July 24th inst. Both parties are of this city. Warner & Knight defend. E. A. Wedgwood prosecutes.

Witnesses for both sides were sworn and excluded from the room during the progress of the trial.

Hannah Douglass was first to testify and on the stand she was bald, swollen and bluish. In the most unbecoming manner and without a quiver of lip she repeated in most disgusting detail such a story of continued lasciviousness as one would scarce believe a girl with any instinct of modesty whatever, could possibly repeat, true or false, in the presence of another, be that other male or female—and the courtroom was crowded with men. Miss Laura Bird, her claim, told the same story, and as eloquently. From their testimony it appears that they have made a practice of running the streets at night, their only object being to meet and coquette with boys; attend public dances without escorts in order to get boys to go home with them; go to night meetings, not to hear the sermons, but to meet the boys after meeting. They say that the offense charged against them, on street corners, after dark, in the presence of others, and always with their full and complete consent. The accusation is made that Gatherum and his pal David Thomas once fed the girls Spanish fly in an apple.

Dr. Allen testified that the Douglass girl is eccentric and that one effect of Spanish fly is to increase sexual desire.

The case is still on trial. A score or more of witnesses are to be sworn by the defense to prove good character of defendant and bad character of prosecuting witness.

NOTES.

The boy tramp and burglar, Fred Hansen, brought from the reform school because of being in a riotable was sentenced to nine months in the penitentiary.

Chief Fowler took Hansen up to the penitentiary yesterday and brought down both the Salem rapist today for trial.

Brown, the Sevier county moonshiner, was sentenced to pay a fine of \$500.00.

Will Leavitt, another Provo boy, has been indicted for fornication. He was arrested this morning. Mary E. Harrison is the girl in the case.

The grand jury presented a number of indictments found this morning, among them being one against the five tramps now living in the county jail and who participated in the drunken riot at the R. G. W. depot, this city on Tuesday evening, when they took charge of the waiting room, intimidated employees, broke windows, etc. From the distasteful and ragged condition of these tramps it would be fair to presume that they committed this offense purely with a desire to get into the penitentiary for the winter, preferring those quarters to tramping and begging during the cold weather.

There is a surfeit of dirty cases for Judge King to hear during the next few days—the Gatherum and Thomas fornication cases, the Booth rape case, the Ralphs adultery case and Will Leavitt was arrested this morning for fornication.

Change of Time.

Beginning Sunday November 17th the Union Pacific passenger train for all points south will leave Provo at 9:25 a. m. instead of 8:55 a. m.; train for the north will leave at 4:05 p. m. instead of 2:50 p. m. Jack's Royal Spree.

"Kipling ought to study Jack," said a naval officer. "Jack's the most picturesque man on land or sea, and nobody has written about him as he is."

"If I could do it as well as Kipling, there is one story I know of which is as good as the 'Reincarnation of Krishna Mulvany.'"

"When I was assistant engineer on the San Francisco, there was a coal passer named Tom Delargy under me. He had been saving up his money for a long time to cut a big splurge when he was discharged. I think he had about \$600 coming to him."

"Jack is a royal spender," and his shipmates all told him that he needn't go farther than the Bovey to have the most gorgeous spree.

"But Delargy wasn't going to be so commonplace. He took time to think it all out, and whenever he got hold of an American newspaper he studied it. The way the railroad magnates enjoyed life struck his fancy."

"So when his time was up, and 'Pay' turned over Delargy's \$600 to him, he went and chartered a private car and rode around the country till his money was gone. Then he came back and re-litigated."—New York Journal.

HIS LAST POEM.

In the highlands, in the country places,
Where the old, plain men have rosy faces
And the young fair maidens
Quiet voices;
Where essential dillies cheer and bless,
And forever in the hill recesses
The more lovely music
Broods and dies.

Oh, to mount again where erst I haunted,
Where the old, plain men have rosy faces
And the young fair maidens
Quiet voices;
And the low green meadows
Bright with sword;
And when evening dies, the million twinkled,
And the night has come, and planets glinted,
Lo, the valley hollow
Lamp beamed!

Oh, to dream, oh, to awake and wander
There, and with delight to take and render
Through the train of silence
Quiet breath;
Lo, for there, among the flowers and grasses,
Only the lighter movement sounds and
Paces.
Only winds and rivers,
Life and death.

AN IMPORTANT OFFICE.

To properly fill its office and functions, it is important that the blood be pure. When it is in such a condition the body is almost certain to be healthy. A complaint at this time is catch in some of its various forms. A slight cold develops the disease in the head. Droppings of corruption passing into the lungs bring on consumption. The only way to cure this disease is to purify the blood. The most obstinate cases of catch yield to the medicinal powers of Hood's Sarsaparilla as it by magic, simply because it reaches the seat of the disease, and by purifying and vitalizing the blood, removes the cause. Not only does Hood's Sarsaparilla do this but it gives renewed vigor to the whole system, making it possible for good health to reign supreme.
